^aIn 2014, data elements utilized for JD/JO classification changed. Prior to 2014, a number of related elements were combined to identify the applicable adjudication category. In 2014, a direct element that identified the applicable adjudication category was implemented in the database and utilized. Given the methodology differences, JD/JO comparisons between 2014 and the previous years will not be meaningful.

^bStatistics are not reported for race-ethnicity categories when the percentage of detention admissions with race-ethnicity "Not Reported" exceeds 10%.

^cAverage and median statistics are not reported when there are fewer than 20 detention releases for a given year.
